# Swindon Traded Services

Delivering Quality and Value

01793 465750  
tradedservices@swindon.gov.uk

**Swindon Traded Services** has been developed by Swindon Borough Council to offer our customers cost-effective services. We aim to provide high quality support whilst achieving excellent value for money. To build on the success of 2011-12, time has been spent to develop a more responsive service and improve methods of communication.

In early 2012, we will re-launch the web pages to provide concise and clear information. All of our services offer a transparent pricing system to ensure that costs are understood upfront. Where possible services are available to allow flexibility for customers, offering services on a 'pay-as-you-need' basis or allowing joint contracts with clusters area schools.

*We are very proud of all the services we are able to offer and hope we can make a real difference to your school or academy.*

*Our new look webpages will provide a one stop shop for information on all of the services on offer including costs, FAQ's and how to order.*
